INTERVIEW SUMMARY UNDER 37 C.F.R. § 1.133

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

On July 19, 2004, the undersigned held a scheduled telephone conference call with Examiner Hai Tran. Mark Zimmerman (Reg. No. 44,006) was also in attendance for the telephone conference call.

As an initial matter, the undersigned would like to thank Examiner Tran and for his time and effort in preparation for and during the telephone conference call.

During the telephone conference call, the parties discussed refining the claim language for claims 28, 36, and 37 to obtain allowance of the above-referenced patent application. The claim language related to conditional logic, channel object, and channel definition was discussed. While no agreement was reached regarding particular claim language, the Gordon et al. (U.S. Publication No. 2001/0056577) reference was discussed, as was general nature of claim amendments to focus on channel definition to more clearly define over Gordon et al.
